# Top brand names at bargain rates at

Get top brand names such as Fairy washing up liquid, Colgate toothpaste, Parazone bleach and Sure deodorants at rock bottom prices at Euro World in Ballaghaderreen.

Liam and Anne O'Connell opened the Euro World €2 shop in Ballaghaderreen because they saw a niche in the market for this type of shop. These €2 shops are doing well in all the larger towns and cities around the country, but they don't often open in the smaller towns. So when the opportunity arose to open in Ballaghaderreen they jumped at it.

The €2 shops are well-known for supplying a lot of brand name products at a very reasonable rate such as Fairy washing-up liquid, two for €2, Colgate toothpaste 100g, two for €2, Parazone bleach 2ltr for €2, Sure deodorants €2 and Head and Shoulders shampoo €2.

In addition to all the good value the shop provides, Liam and Anne have decided to add weekend special bargains. These products would not normally be bought for €2, such as this weekend's specials, gardening spades and forks full size only €2, and for the car enthusiast they have car jump leads €2. They also supply seasonal products such as children's fishing rods and nets, and this time of year sell travel size shampoos, conditioners gels and deodorants, which you're allowed carry on-board flights at three for €2.

"So far the people of Ballaghaderreen have accepted us with open arms and long may it continue. We intend to give excellent value on an on-going basis, it's the best you can get for
