Excellence at Nurture's Best Creche!

Our motto is 'simply the best, for your child in our care'. Nurture's Best Crèche holds an All-Ireland Centre of Excellence Award from NCNA/Early Start. These highly sought after and difficult to achieve excellence awards scrutinise every area of daily life in the crèche to ensure it is of the highest standards.

Our facilities include: large spacious rooms with double door access to the large, spacious playground with its safety surface. Each room has excellent equipment and runs a fun developmental programme appropriate to the age of the children therein.

Our highly qualified staff all have Fetac level 5 & 6 and childcare degrees. With our excellent safety policy, 90% of staff have a first aid cert. The facilities are complete with safety surfaces and much more. We have worldwide menus, with excellent nutritional value, to help develop your child's palate. We offer excellent FREE ECCE Montessori pre-school year, and also guarantee no 'TV nanning'.

Wide programme

We believe childhood education and care begins at birth. Young children are like sponges and absorb whatever they see and experience around them, so we take great care to surround them with the best and widest range of experience. Children in our care,

during their early years, get to experience music, art, theatre, cookery, and community links which includes visits with squad car, fire engine, ice cream van, county library and much, much more.

As our reputation has grown, we have found parents are travelling out of their way to avail of our service. Children travel from Ballymahon, Longford Town, Carrick-on-Shannon and Four Mile House.

One parent told us – "I looked at five Crèches, there is nothing like this. The space, the equipment and the atmosphere when you come in the door. Travelling a little out of my way is well worth it, he is so happy here."

'Stay at home' mums – use our part-time option

We have a large number of children whose mums are not working outside the home, but who are keen for their children to experience our programme, and develop good interpersonal skills with their peers, from a young age. Part-time options vary from half a day a week to whatever number of days a parent wants.

Why not have a look at our website or call Anne Marie/Caroilin on 043 3359936 or 086 1037806.
