## Funding for Taughmaconnell roads welcomed

Cllr. Ollie Moore has welcomed an allocation of €200,000 secured from the National Roads Authority for the resurfacing of a large section of the L2025, the main road from Taughmaconnell to Athlone, and will see the length of road between The Pound and Mannion's Quarry resurfaced.

Cllr. Moore said, "This section of road had been very badly damaged during the construction of the M6 Dublin to Galway Motorway by lorries hauling loads of stone to the construction site. Cllr. Moore added, "This work is well overdue, as Taughmaconnell residents had quietly suffered this very busy road being severely damaged and massive extra volumes of heavy goods vehicles using it on a daily basis during the construction of the M6 Motorway."

Cllr. Moore also thanked Roscommon County Council for work carried out on a length of this road last year at Race-

park, which had deteriorated to a very poor standard at the time. Work is expected to commence in the coming week.
