Spring cleaning tips

- Make a checklist of chores to be done.
- When dusting, start at the top and work down.
- Take all your cleaning tools, avoid unnecessary trips back and forth.
- Wash walls from the bottom up, to avoid streaking.
- Use old socks as mitts for cleaning woodwork.
- Wash small ornaments instead of dusting.
- To removing heel marks, use a pencil eraser to rub them off.
- Don't mix cleaning products. Ammonia and bleach are toxic.
- Allowing cleaners to set for several minutes will ease the cleaning job.
- Running the shower on hot for five minutes will steam the dirt loose.
- Dull walls will shine when washed with vinegar and water and polished with a dry cloth.

Get your garden ready for spring with Ward's Hardware

Whether you're a novice vegetable gardener or the owner of a beautifully landscaped lawn, then everything you need for the spring season is available at Ward's Hardware, Goff Street, Roscommon.

Now is the time to look after your lawn. Moss will be very prevalent this year, given the wet summer and autumn of 2009 and sulphate of iron is a very popular remedy for this perennial problem. Ward's Hardware also stock a three-in-one feed, weed and moss killer, which will have your lawn in optimum shape this summer. If you're laying a new lawn, or want to spruce up an existing lawn, talk to the staff in Ward's Hardware about the lawn seed and fertiliser and lawn repair options.

Growing your own vegetables is becoming increasingly popular, as people strive to get back to nature, cut costs and eat healthily. Generations of Roscommon people have sourced their vegetable and herb seeds at Ward's Hardware, as well as seed potatoes, onion sets and shallots. Poultry manure and special potato fertiliser is also available at Ward's Hardware and is an excellent investment if you're

thinking of growing your own vegetables this year.

If your garden is looking a little tired, then spruce it up with a new garden fence from Ward's Hardware. There are lots of options to choose from in terms of fence panels, round top boards and posts, rails

and fence paints.

The staff at Ward's are also great when it comes to solving particular gardening problems you may have in terms of lawn care or vegetable growing, just ask for advice.

Remember, when you shop at Ward's

Hardware in Goff Street, Roscommon, you are supporting a local business and one where your custom is always appreciated.

For further information, contact Ward's Hardware, Goff Street, Roscommon, on (090) 66 26172.
