

Extra classrooms for Cornafulla NS

Two extra classrooms have been sanctioned for Cornafulla NS, Athlone, a fact welcomed this week by Minister Michael Finneran TD.

"I secured the €1.5 million for the large extension for Cornafulla National School which I announced on the 9th November 2009. The Board of Management contacted me in February 2010 stating due to the large enrolment the school, the school required two additional classrooms in addition to the five classrooms sanctioned in November 2009. The Board of Management were anxious for the Department of Education & Science to approve this further request while the Contractors Cordil were on-site.

"Following strong representations from the Board of Management and myself to my col-

league Batt O'Keeffe TD, former Minister for Education and Science, I am delighted to be in a position to announce the sanction of two additional classrooms. The request for these additional classrooms is due to the ever-growing population in the Cornafulla area and its environs.

"These newly-sanctioned additional classrooms will coincide with the current works as announced by me last November 2009. I am delighted this Fianna Fáil-led Government is in a position to grant these additional classrooms. I wish the Chairman of the Board of Management Fr. Ray Milton and Principal John Conway, teachers, pupils, continued success with this project," concluded Minister Finneran.
